- NOKS1
- Potentials and problems
- Process and product
- Evaluation
- Short presentation of NOKS1
- National ALM initiatives
- NOKS2
- ALM perspectives

[www.noks.dk](http://www.noks.dk)

## **NOKS1 - Potentials and problems**

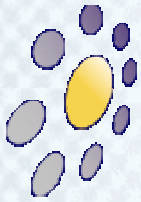

- Professional and non-professional users
- Different cultures and databases
- Exploit the potential of existing data
- Sharing local practises
- The need for standards

[www.noks.dk](http://www.noks.dk)

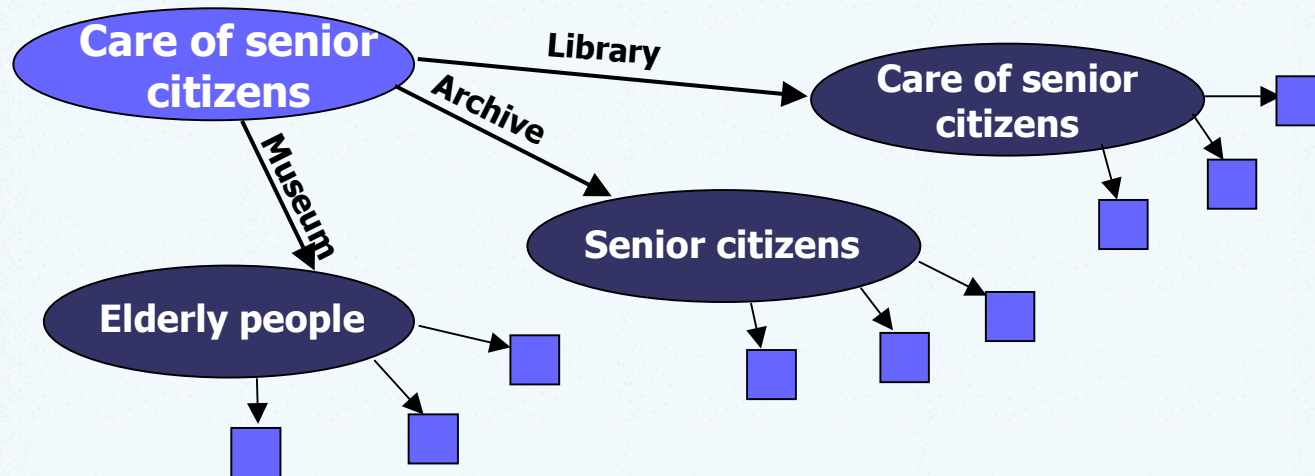

## **Process and Product 1**

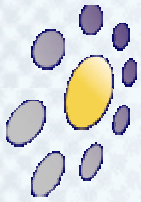

- Economy and organisation
- Full text search
- Advanced search

## Process and Product 2

- Subject headings and hard work

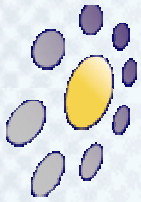

www.noks.dk

## Process and Product 3

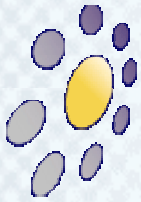

- 115.000 records
  - A:75.000
  - L:20.000
  - M:20.000
- [www.noks.dk](http://www.noks.dk)

[www.noks.dk](http://www.noks.dk)

## Evaluation

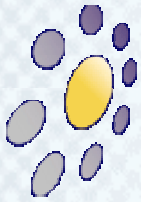

- 150.000 searches
- All kinds of users
- Digitized material
- Difficult to use advanced search
- Differences between ALM institutions

[www.noks.dk](http://www.noks.dk)

## National initiatives

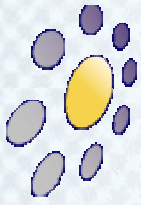

- Odense, Aarhus and Viborg
- ALM Committee
- Dublin Core

# www.noks.dk

## **NOKS2**

- North Jutland and Vejle
- 250.000 records
- 30 institutions
- 25.000 digitized photographs
- One search page
  - Full text
  - Advanced search
  - Search in two regions

[www.noks.dk](http://www.noks.dk)

## **ALM perspectives**

- Give and take
- Standards
- Shared databases - search on the fly
- Great future for ALM search databases
